# Royal Icing

CK Products has been a trusted name in baking and confectionery supplies since 1965. With over 7,000+ products we have become the destination for wholesale and professional bakers. We now want to reach the home baker with the introduction of our new brand Celebakes®; Delicious by Design.

**Celebakes®** ready-to-use royal icing is the perfect product for decorating cookies and cakes. Its consistency is great for flooding cookies and decorating gingerbread houses. For detail work on both cookies and cakes, simply add powdered sugar to thicken the icing. Premium ingredients, made in the USA.

**Celebakes®** Royal Icing Mix offers decorators a fast and convenient way to make royal icing by simply adding water! This icing dries hard while still offering a delicious taste and texture. Royal icing is the preferred icing for building gingerbread houses, creating three-dimensional decorations and decorating cookies! Available in Black and Red also! Premium ingredients, made in the USA.

Follow us for more ideas and inspiration!

Customize your royal icing by using Celebakes® Premium Food Color Gel and Flavorings.
