Bake for 30-35 minutes when using a 9"x13" or 2 (8" or 9") round cake pans or 25-30 minutes when using a muffin pan. Bake until toothpick inserted in center comes out clean. Leave to cool for 10-15 minutes before removing from pan. Cool cake completely before frosting.

Do not consume raw batter. This product contains raw ingredients that may contain food-borne bacteria and thus requires further processing by baking or frying prior to consumption to minimize any food safety risk.
